

Accessing Clever

In order to simplify your student's learning experience, we have introduced an application called Clever. Clever allows for your student to navigate to their applications without needing to remember many websites and passwords.

1. Open your desired web browser. (Google Chrome, Firefox, Internet Explorer)
2. Navigate to <https://clever.com/in/asuprepaz/>

3. Select 'Log in With Google'

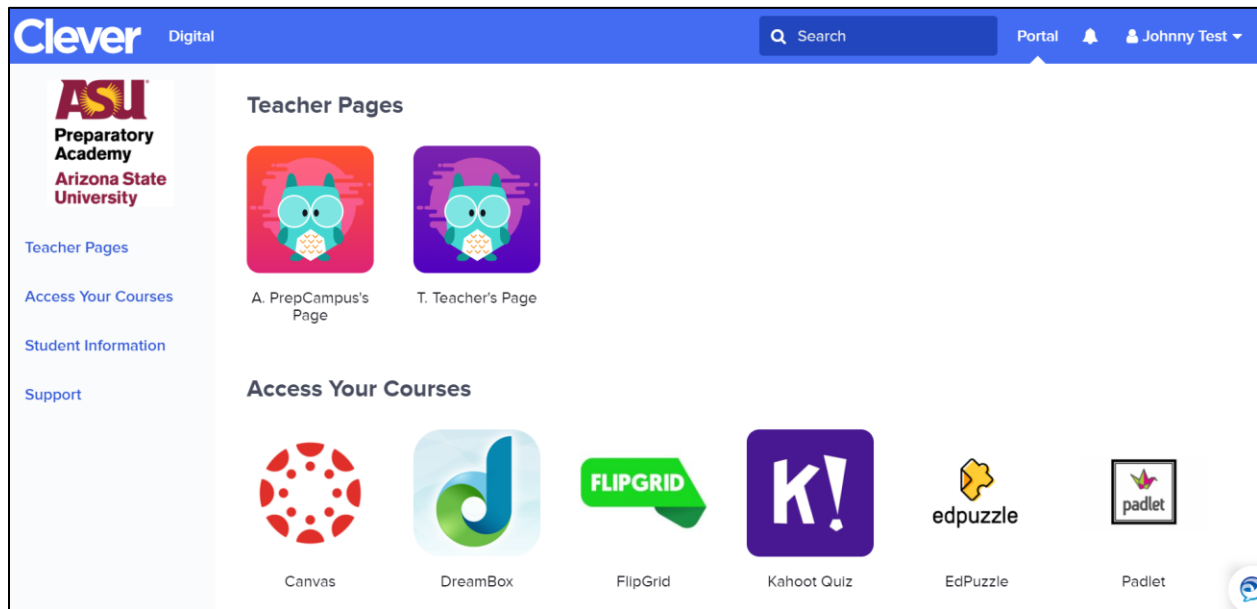

4. Enter Username (Student email or 'stu(ID Number)@asuprep.org') and Password
Ex: stu123456@asuprep.org

The first screenshot shows the 'Sign in' page for Clever.com. It prompts the user to 'Sign in to continue to clever.com'. The 'Email or phone' field contains the text 'stu123456@asuprep.org', which is circled in red. Below the field are links for 'Forgot email?' and 'Create account', and a 'Next' button.

The second screenshot shows the password entry page. It says 'Hi Johnny' and displays the email 'stu10001@asuprep.org'. There is a password field with a masked password '.....' and an eye icon to toggle visibility. Below the field are links for 'Forgot password?' and a 'Next' button.

If done correctly your student will have access to their Clever Portal and teacher's pages. From here your student will be able to access any applications or links that their teachers deem necessary.

If you are running into any issues then please feel free to reach out to the help desk at support@asuprep.org
